LED Area light IP65 Beam angle:120 degree

35W replaces 100W Metal Halide  
50W replaces 175W Metal Halide  
Includes dusk to dawn photocell  
Input Voltage:100V~277V AC,50/60HZ  
Power Consumption: 35W/50W  
Power factor: >.95  
LED Chip: Bridgelux  
CCT: 5000K standard  
Light output: 2900/4000  
Luminaire efficacy: 83%  
L70 life: 50,000 hrs  
Beam angle: 120 degrees  
Construction: Aluminum/tempered glass  
Working temp: -40 ~ +55c  
Comes with metal mounting arm  
Weatherproof IP65  
Warranty: 3-years  
Net weight: 2.6kg

Cost-effective, compact, reliable, lightweight, versatile  
Use as outdoor floodlight, wallpack, landscape or workcell illumination or wherever high brightness is required.  
Product is fully weatherproof, dustproof and resistant to vibration.
